

Effective 1 June 2017, all occupants of Building 210 Custer Ave will be relocated to Buildings 208, 215, and 217. Between 15 May 2017 and 30 May 2017, all offices will be moved; customers should expect delays and intermittent service during this period. All offices are expected to be fully operational by 1 June 2017.

Building 210 will undergo extensive renovations that will consist of the replacement of the ceiling grid, acoustical ceiling tiles, new flooring and wall finishes. The complete heating, ventilation, air conditioning system (HVAC) will be replaced. The electrical system will be upgrade to support the new HVAC equipment and provide new lighting.

Building 210 is an historic building and therefore the renovation work will not impact the historic fabric of the building.
